

# Taiwan Business Indicators in November 2006 (Correction)

Press Release

Council for Economic Planning and Development

December 28, 2006

The total score of the Monitoring Indicators in November was revised to 21, with the light signal remaining "yellow-blue." The change was due to a correction of the increase rate of non-agricultural employment from 1.3% to 2.2%. Its light signal was changed to "green" accordingly.
